## DEPARTMENT OF ZOOLOGY

### VISION

To provide a basic course in zoology and train students in a wide range of science based skills that provide the learning base for future courses

### MISSION

Our mission is to provide students for advanced studies and specialization on recently emerging technological and multi-disciplinary fields such as genetic engineering, biodiversity, biotechnology, bioinformatics, wildlife and conservation. We will strive to equip them with the knowledge and skills for better planning and management of animal resources, environment and health, medicine, agriculture and population
